SUBJECT

Sir + sites

*Re: formation of Lumara
Park Eastern Extension.*

The Engr. Office C. I. T Bd Bk.

P. 7152 dated 5.2.45

Approved

15/2

From the Engineer Officer,
City Improvement Trust Board, Bhor
 No. 115, dated 13-1-45,
 states that by realigning the drain in the
 Kumbhara Park Eastern Extension, an area of
 5436 sq. Yards, for forming five building
 sites can be reclaimed and requests approval
 to form five sites, with hardly any expenditure
 as a sum of Rs. 40,000 to Rs. 50,000 can be
 realised from the sale of these sites.

The Engineer Officer has forwarded a
 plan, which indicates the proposed position
 of the drain in the Eastern Extension of the
 Kumbhara Park. As sites in this extension are
 very valuable, and as the five sites proposed
 to be formed are expected to yield between
 Rs. 40,000 to Rs. 50,000, if sold, the proposal of
 the Engineer Officer to realign the existing
 Drain, and to reclaim an area of 5436 sq
 Yards for forming building sites may
 perhaps be sanctioned. Subject for orders.

Sanction has already been
 accorded to an estimate for
 Rs. 21,220/- for forming the drain
 the proposal to reclaim an area
 of 5436 sq. Yds. & to convert it
 into five building sites, as shown

in the plan may perhaps be approved. It is likely that the pits would be greater on low lying ground in view of the erosion caused by the erosion drain. But it can be made up by filling up earth before construction of drains thereon.

For orders

Results:

Lawsey for 22/1/45

This proposal should give us three pits. No additional cost is involved. The existing drain may be filled up, using the chalk excavated from the drain proposed & be formed by a drain. Maybe approved as 24.1.45

Enclosure No. one

Sir,

Kumara Park Eastern Extension.

I have the honour to inform you that a stormwater drain runs diagonally through the Kumara Park Extension and occupies together with its margins an area of 5,982 sq.yds. Through confining the rain water in a masonry drain, for which an estimate of Rs.21,220/- is got sanctioned, and realigning the drain, I can reclaim 5,436/- square yards for forming building sites. As sites in this Extension are very valuable, the extra sites 5 in number are a welcome addition. With hardly any expenditure we can realise Rs.40,000/- to Rs.50,000/- from the sale of these sites. The accompanying plan exhibits the proposed position of the drain and the sites available for sale.

I request you kindly to obtain the approval of Government to my proposals.

I have the honour to be,
Sir,
Your most obedient servant,

Ramwani
Engineer Officer,
C.I.Trust Board.
